BURNETT'S "Standard of Quality" in Flower Seeds and Bulbs has, for close to a quarter of a century, held supremacy in our vast American Field of Horticulture.

We spare neither expense nor trouble in keeping them consistently good, so that there is never a question or doubt in the minds of discriminating superintendents and gardeners about "quality" when they order "Burnett's."

This folder offers you a select list of seasonable Seeds, Bulbs and Strawberry Plants for midsummer and early fall sowing and planting, for which we respectfully solicit your orders.
